UNIQUE SPECTACLE IN BERLIN'S COURT

German Crown Prince's Opposition to Father's Policy Rare Incident in Europe.

BERLIN, October 16 .- The German crown prince recently sent a letter of protest to Imperial Chancellor von Bethmann-Hollweg against permission being given to Prince Ernest August of Cumberland, the husband of the crown prince's only sister, to occupy the throne of the duchy of B: unswick without his express renunciation of his pretensions to the throne of Hanover.

This protest has proved unsuccessful, for the imperial chancellor today sent a long reply to the crown prince, in which he justified the position taken by the Prussian government.

At the same time the Prussian government today formulated a resolution for submission to the federal council of the German empire revoking its decision of 1907 against any member of the house of dom of Brunswick.
